

0306-F2100 Led Battery Powered Lamp Premium

Model	0306-F2100
Light Source	COB
Lumens	1000/500 lumens
Light Angle	120°
CCT	6000K
Working Hour	3/6s
Charging Hour	4.5s
IP	IP 68
IK	IK 09
Battery	3.7V 4400mAh (standard)
Dimensions	145*100*45 mm
Net Weight	385g

Durable to:
Water
Dust
Impact
Mud

NEW

Oil/Corrosion/Impact Durable Outer Body

- Strong protection with comfortable grip.

500Lumens/1000Lumens

- High quality light source.
- Adjustable dual light mode.

In-Mold Design

- Non-slip surface with comfortable grip feature.

Fast Charge and Up to 6 Hours of Use Time

Powerful Li-Ion Battery

- 3.7V/4400mAh

Multifunctional On/Off Button

- Switch between different brightness.

USB Charging Dock

- Micro USB or USB-C

Rotatable Elbow

- Strong Magnet
- can rotate 210 degrees
- Universal M8 Mount

Charge Indicators

- Battery Level Leds

New Led Technology

- It is produced with COB Led technology that provides 500-1000 Lumen brightness adjustable saving.

Protection with In-Mold Design

- Provides protection in accordance with IP68 and IK09 Standards.
- Strong body protects against vibration and shocks

Strong Elbow Magnet

- Elbow magnet provides easy working in difficult working areas.

BRIO

IP68 Protection

- IP68 ensures the application in harsh environments and protects the lamp from water against being submerged for a period of time.

IK09

- Resistant to shocks, drops and vibrations.

At Your Help in Difficult Areas

- Thanks to its rotating magnetic bracket, it provides holding onto metal surfaces from any angle you want.

Ergonomic Grip

- Ergonomically designed compact design fits comfortably in the hand.

Light Your Way..
